All you need to know about the Graz public libraries

WE ARE ALWAYS **NEARBY**

With a total of 300,000 different media items, the Graz Department of Culture's public libraries offer a wide variety of high-quality media for all age groups. With the main library Zanklhof and the media library Mediathek, six branch offices, the Book Mobile and the delivery service, you will always have access to a library service near you! Our rich collection of books and media, which we constantly update and expand, can be accessed at: www.stadtbibliothek.graz.at.

In our online library you can research and reserve media, get information on the latest acquisitions, subscribe to our RSS feeds, download e-media, check your library user account, extend your due dates, register for events and much more.

The Graz libraries provide many interesting activities and services for senior citizens. The children's library LABUKA offers entertaining and exciting events on books and interesting topics as well as reading activities for children aged 2 to 13 years, free of charge and almost every day.
